

25th ueg week

21st ESGENA Conference **28-30 October 2017**

Hosted by the Spanish Society of Endoscopy Nurses and Associates (AEEED) and the Spanish Society of Digestive Disease Nurses (AEEPD)

In Conjunction with the
25th United European Gastroenterology Week

In Barcelona, Spain

Further Information:

Important Deadlines

Submitting Abstracts	May 31, 2017
Early registration	May 18, 2017
Late Registration	September 14, 2017

Word of Welcome

Dear colleague,

On behalf of ESGENA, the Spanish Society of Endoscopy Nurses and Associates (AEEED) and the Spanish Society of Digestive Disease Nurses (AEEPD) it is our great pleasure to invite you to the 21st ESGENA Conference which will be held during the 25th United European Gastroenterology Week, October 28 - 30, 2017, in Barcelona, Spain.

Following past meetings in 2010 and 2015, this is the third time that the medical and nursing community of Gastroenterology and Endoscopy will meet in Barcelona.

After celebrating its 20th anniversary in 2016, ESGENA will continue its established structures while also initiating new formats of interactive learning. Recent successes have already connected countries and have laid the foundation for new future projects.

The three day ESGENA conference is not only an opportunity to meet colleagues from throughout Europe, but also from North and South America, Africa, Asia and Australia. The exchange with nurses from all over the world combined with the opportunity to attend the medical programme of the UEG Week ensures that the ESGENA conference will be an exceptional educational event.

In 2017 the UEG will celebrate its 25th Anniversary in Barcelona, offering interesting and interactive learning formats which emphasise the multidisciplinary approach.

Enjoy the warm Spanish hospitality of Barcelona, combined with the multicultural atmosphere of an international meeting.

We hope to welcome you to the 21st ESGENA Conference and 25th UEG Week in October 2017 in Barcelona.

Jadranka Brljak, President of ESGENA
Enriqueta Hernández-Soto, President of AEEED
Guillermo José García Sola, President of AEEPD

Registration fees for the ESGENA conference

Registration	by May 18, 2017	by September 14, 2017	after September 14 2017
ESGENA Conference	€ 185	€ 200	€ 250

- It is essential that nurses bring a copy of their professional standing or similar identification to the conference registration desk in order to prove their status (confirmation by employer, proof of education or registration as a nurse).
- If you would like to register up to 10 delegates, please register each person individually.

Registration includes

- Admission to all ESGENA scientific sessions and workshops (Saturday - Monday)
 - Admission to the UEG Week scientific sessions (Saturday - Monday)
 - Admission to the UEG Week poster and technical exhibition (Monday)
 - Admission to the ESGE Learning Area (Saturday - Monday)
 - Admission to the Ultrasound Learning Centre (Saturday - Monday)
 - Unlimited use of Barcelona public transportation system (ticket is valid from Saturday through Monday).
 - Congress materials (final programme, ESGENA abstract book, etc.)
 - Coffee breaks and lunches (Saturday - Monday)
-

Programme Overview

SATURDAY, October 28, 2017

Rooms	B2	B3	E-4	B5	ESGE Learning Area

Scientific Programme Sunday, October 29, 2017

SESSION 1: Free Paper I

09:00-10:30 **Room B2**

Welcome

Nurses will present their studies, projects and standards in form of free paper presentations. See Call for Abstracts below
Deadline for submitting Abstracts: 31 May 2017

SESSION 2: Management – which structure is needed?

09:00-10:30 **Room B3**

09:00-09:10 Welcome

09:10-09:30 Optimising the workflow in Endoscopy

09:30-09:50 What kind of staff is needed in Endoscopy? - ESGENA Statement on staffing levels

09:50-10:10 How to calculate staff in Endoscopy – different approaches

10:10-10:30 Implementation of checklists in daily routine – benefits & difficulties

Poster Round I

10:30-11:00 **ESGENA Poster area**

Nurses will present their studies, projects and standards in form of poster presentations. See Call for Abstracts below
Deadline for submitting Abstracts: 31 May 2017

SESSION 3: Free Paper II

11:00-13:00 **Room B2**

Nurses will present their studies, projects and standards in form of free paper presentations. See Call for Abstracts below
Deadline for submitting Abstracts: 31 May 2017

SESSION 4: Education

11:00-13:00 Room B3

- 11:00-11:20 How to assess and measure competence of the nurse assisting with endoscopic procedures?
- 11:20-11:40 What kind of specialist education and training is needed in Endoscopy? Experience from Estonia
- 11:40-12:00 Endoscopy diploma at university – the French experience
- 12:00-12:20 E-Learning, Apps and YouTube innovate communication and training – what makes sense? What infrastructure is needed?
- 12:20-12:40 IBD nurses as integral part of a multidisciplinary IBD-Team
- 12:40-13:00 Major Sponsor presentation
-

Workshop 11: Hands-on training on bio simulators

This workshop is organised by **ESGENA**

11:00-12:30 ESGE Learning Area

Hands-on training on bio simulators (pig models) under the supervision of highly experienced tutors. Participants will have the opportunity to perform endoscopic techniques on the following topics:

- Upper GI Bleeding
- ERCP

As participation will be limited, registration will be treated on a first-come-first-served basis. Ticket will be available onsite only – at the entrance of the ESGE Learning Area.

Poster Round II

13:30-15:00 ESGENA Poster area

Nurses will present their studies, projects and standards in form of free paper presentations. See Call for Abstracts below
Deadline for submitting Abstracts: 31 May 2017

Lunch Session 1: Endoscopic techniques

This lunch session is organised by **ESGENA**

13:30-15:00 Room B2

Content New products, trends and developments will be presented, followed by hands-on training.

Lunch Session 2: Hygiene

This lunch session is organised by **ESGENA**

13:30-15:00 **Room**

Chairs New trends and developments on hygiene and infection control will be presented, followed by hands-on training.

Workshop 12: Hands-on training on bio simulators

14:00-15:30 ESGE Learning Area

Hands-on training on bio simulators (pig models) under the supervision of highly experienced tutors. Participants will have the opportunity to perform endoscopic techniques on the following topics:

- Colonoscopy
- ERCP

As participation will be limited, registration will be treated on a first-come-first-served basis. Ticket will be available onsite only – at the entrance of the ESGE Learning Area.

SESSION 5: Colorectal cancer screening

15:00-16:30 **Room B2**

15:00-15:20 Screening programmes differ in Europe – why and how?

15:20-15:40 Surveillance colonoscopy – are we scoping the right people at the right time?

15:40-16:00 Who is qualified to perform screening colonoscopies? Nurse endoscopists vs medical endoscopists

16:00-16:15 The nurses role in colo rectal cancer screening

16:15-16:30 Major Sponsor

SESSION 6: Endoscopic Techniques

15:00-16:30 **Room B3**

15:00-15:15 Endoscopic faecal transplantation – different ways of application

15:15-15:30 EMR; ESD – which technique for which polyp and which location?

15:30-15:45 Endoscopic treatments for obesity – benefits and limitations

15.45-16.00 New techniques for treatment of pancreatic cysts

16:00-16:15 Major Sponsor presentation

SESSION 7: Complication & Adverse Events

- 17:00-18:00** **Room B2**
- 17:00-17:15 Foreign body removal – Routine and obscure cases in Endoscopy
Alexander Dechêne, Germany
- 17:15--17:45 When unforeseen happens – what to do with ...
- Bleeding
 - perforation
 - Complications in PEG
- 17:45-18:00 Major Sponsor presentation
-

SESSION 8: Liver Transplantation

- 17:00-18:00** **Room B3**
- 17:00-17:15 How to make liver transplantation a success?
- 17.15-17.30 Acute care of patient after liver transplantation
- 17:30-17:45 Psychological aspects in the care of liver transplant patients
- 17:45-18:00 Complications after liver transplantation – the endoscopic approach
-

ESGENA-Scientific Programme on October 17, 2016

SESSION 9: Controversial discussions in Endoscopy

- 08:30-10:00** **Room A2**
- 08:30-08:50** **Best Free Paper and Best Poster Awards**
- The winner of the best free papers – oral presentation and the best poster presentations - will be announced. Presenting authors are requested to attend this session. **PENTAX Medical** supports the ESGENA Free Paper and Poster Award
- 08:50-09:10** **New techniques – easy and quick to perform! Does the endoscopist still need the qualified nurse?**
- Nurses have 2 roles during endoscopic examinations: Patient Care with monitoring, and technical assistance for the procedures. Due to advanced roles in patient monitoring and sedation, patient care role has changed in some countries, but technical assistance has changed from mainly taking biopsies and occasional polypectomy in the early seventies to complex assistance during therapeutic ERCP. New procedures where the endoscopist handles accessories him/herself potentially changes the role of the assistant again. The question therefore arises – do we still need qualified endoscopy nurses for the technical assistance.

09:10-09:30 **Ethical dilemmas due to shortages of resources in health care**

Health care systems in most countries struggle to provide optimum care with limited resources (financial and personnel). As most countries have finite budgets to provide this care, and with ever more costly diagnostic and therapeutic interventions being developed, health care providers will have to consider rationing of care, including in endoscopy. Who should be treated – who not? How do we use our resources, e.g. for screening or palliative care etc. What health care decisions are ethical or unethical?

09:30-09:50 **Advanced roles for nurses – a mini-doctor or a maxi nurse?**

Due to shortages of doctors many former medical tasks are delegated to nurses. This raises many questions: how will staff for these tasks be identified, what training is needed, how is the quality of care assured (Quality Assurance), who takes the medico-legal responsibility for both nursing and delegated medical practice, and where are the boundaries between nursing and medical practice.

09:50-10:00 **Invitation to the next ESGENA Conference 2018 in Vienna**

Call for Abstracts for 21st ESGENA Conference

ESGENA invites colleagues from Europe and from all over the world to present their experience, studies and projects at the 21st ESGENA Conference in October 2017 in Barcelona, Spain. Participants wishing to submit abstracts can do so **only in electronic format** by sending a **MS Word document** with their abstract by e-mail to:

Ulrike Beilenhoff,
ESGENA scientific secretariat
Email: UK-Beilenhoff@t-online.de

Deadline for submitting abstracts: 31st May 2017

The authors will receive an official confirmation within 3-5 days after submitting their abstract. If authors do not get an official confirmation within 5 days, please send the abstract again to Ulrike Beilenhoff and a copy to the ESGENA technical secretariat: info@esgena.org.

General Information on Abstract Submission

Participants are invited to submit original scientific abstracts for oral or poster presentation.

Authors have to conform to the following guidelines for abstract submission. **Those not conforming to the guidelines will not be considered for reviewing.**

- Abstracts must be submitted in English and must be presented in English.
- Abstracts will be reviewed by a panel of experts and may be selected for oral or poster presentations, or may be rejected.
- Notification of acceptance (for oral or poster presentation) or rejection by the Scientific Programme Committee will be e-mailed to the presenting author by June 30, 2017.
- Detailed information, guidelines and recommendations for oral or poster presentation, as well as day, time and room will be sent in due time to duly registered presenting authors. The time allotted for each oral presentation will be 10 minutes, followed by 5 minutes of question time. During the poster round, authors of posters should also be prepared to answer questions in English.
- Accepted abstracts will be published in the ESGENA Abstract Book, in the ESGENA NEWS and on the ESGENA website.

The abstract should be typed as follows:

- Use font that is easy to read such as Arial, Times Roman, Helvetica or Courier fonts.
- The abstract must not be more than 500 words long or must not fill more than one A4 page, using type in 12-point font.
- A brief title should clearly states the nature of the investigation
- Abbreviations should, if possible, be avoided in the title, but may be used in the text if they are defined on the first usage
- The authors' names (full first name, surname) and the institution (hospital, university, organization, city and country, e-mail and fax number) where the research was carried out, with the name of the presenting author underlined
- Use single line spacing
- Include tables if necessary
- The abstract should be as informative as possible
- **The abstract should have a logical, scientific structure (introduction, mains & objectives, method, results, conclusion, summary, references, learning outcomes for audience)**
- Statements such as „results will be discussed “ or „data /information will be presented “ cannot be accepted
- Please ensure that your abstracts do not contain any spelling, grammar or scientific errors, as it will be reproduced exactly as submitted
- The abstract should have a **nursing relevant content** and should **add to existing knowledge**.
- The abstract should have a minimum of **2 relevant References**, but not more than 10 References.
- The abstract should state **2 things the delegates could learn** from your presentation

How to prepare a well-written abstract

You can use the template to complete all sections

Scientific Abstract Template (limit: 500 words or one A4 page) - Please complete ALL Sections	Explanatory Notes When completed, and before submission – delete this column
Title	10 – 12 words that capture the relevance and essence of the research
Introduction / Background	<ul style="list-style-type: none"> ➤ What has been investigated ➤ Why is the research important. ➤ Context of the study - has something similar already been done and how the presented work differs
Aims / Objectives	<ul style="list-style-type: none"> ➤ The purpose of the RESEARCH / project– <i>not of the abstract!</i> ➤ Providing a brief synopsis ➤ Hypothesis, question or concept underpinning the research.
(Research) Methods * Please indicate which methodology you have used and delete non-applicable methods: <ul style="list-style-type: none"> ➤ Randomized Controlled Trial (Intervention) ➤ Meta-Analysis ➤ Systematic Review ➤ Cohort Study (Prediction) ➤ Qualitative Research Studies (Exploration) ➤ Service / Program Evaluation ➤ Audit ➤ Case Report ➤ Other: <i>state which</i> 	<ul style="list-style-type: none"> ➤ Should describe HOW the AIMS of the research were achieved. ➤ What the research/project involved - for example: <ul style="list-style-type: none"> * Short description of the study design * Underpinning theoretical or conceptual frameworks, * Sampling technique(s) used, e.g. qualitative or quantitative, * Retrospective or prospective * Method of data collection: e.g. review, surveys, focus groups, patient cohorts etc. * Sample size, criteria for selection and exclusion, * Randomised or non-randomised. * Type / method(s) of data analysis (tests) * Statistical or interpretative analysis software programs used (GENERIC name of the software) * If applicable: state if <i>Ethics Approval</i> was obtained.

Findings / Results	<p>What the research discovered</p> <ul style="list-style-type: none"> ➤ Synopsis of the findings of the study, using key data to demonstrate the outcomes. ➤ Avoid simply citing data, particularly in quantitative studies. ➤ State statistical significance (quantitative studies) ➤ Synthesis of the data and how it answers your research question. <p>NEVER submit an abstract without results,</p>
Summary and Discussion	<ul style="list-style-type: none"> ➤ Provide a short explanation of HOW the findings relate to the <i>AIMS</i>, ➤ present EVIDENCE of the findings from your <i>METHODS</i> (to support the implications of your study = conclusions) ➤ Critically define any weaknesses / strengths identified in your data
Conclusion	<p>What the research implies</p> <ul style="list-style-type: none"> ➤ IMPLICATIONS of the findings and ➤ how they ADD to the existing knowledge
Learning Outcomes + Relevance to Nursing <u>Practice</u>	<p>Relevance to Nursing and how the findings can be <u>used/applied</u> in Clinical Practice</p>
