14th ESGENA Conference in October 2010 in Barcelona, Spain

14th Meeting of the European Society of Gastroenterology and Endoscopy Nurses and Associates (ESGENA)

In association with the Spanish Society of Endoscopy Nurses and Associates (AEEED) and the Spanish Society of Gastroenterology Hepatology and Endoscopy Nurses (AEEPĐ)

in conjunction with the 18th United European Gastroenterology Week (UEGW)

On October 23 - 25, 2010
In Barcelona, Spain
Words of Welcome

Dear Colleagues,

On behalf of ESGENA, the Spanish Society of Endoscopy Nurses and Associates (AEEED) and the Spanish Society of Gastroenterology Hepatology and Endoscopy Nurses (AEEP), we have great pleasure inviting you to the 14th ESGENA Conference, which will be held during the 18th UEGW on Saturday 23 to Monday 25 October 2010 in Barcelona, Spain.

The three-day conference will include state-of-the-art lectures, free papers and posters, lunch sessions, several workshops with hands-on-training, and live transmissions. Interesting topics in gastroenterology and endoscopy will ensure a truly global context. We are hoping to provide a full and varied programme, to encourage you to meet up with colleagues from all over the world and exchange information with them. This format will encourage networking and communication between the delegates — both between individual nurses and national groups.

On the Saturday, there will be an opportunity to attend several workshops organized in four parallel rooms. The workshops will have a more practical focus and will be held in smaller groups — up to 50 — to encourage discussions, questions, and exchanges of ideas.

Following success at previous conferences, we will be offering hands-on training using biosimulators for nurses on the Saturday and Sunday. These workshops will be organized in close cooperation with ESGE. Nurses will also have access to the UEGW postgraduate course.

The conference will officially open with the ESGENA Welcoming Reception on Saturday evening. In the past, this has been a most enjoyable, informal evening with the opportunity to meet colleagues and friends from all over Europe and overseas. The evening is being organized by the Spanish nurses as local hosts for the conference.

On Sunday, the scientific program, which includes two free paper sessions and a nurses’ poster session, will offer mainly nursing-oriented lectures in two parallel halls. In addition, three parallel lunch sessions will have a more practical focus. The Plenary Session with lectures in one hall follows on Monday morning. This will bring together all the delegates and we will award the prizes for the best free paper and the best poster. The meeting will finish with invitations to forthcoming conferences.

The trade exhibition will open on Monday at lunchtime, and there should be enough time to browse the stands if the medical scientific program does not tempt you back into the lecture halls.

We hope that we will be able to welcome you at the 14th ESGENA Conference in October 2010 in Barcelona, Spain.

Ulrike Beilenhoff
President of ESGENA
