Hands-on training @UEG Week	21

Word of Welcome

On behalf of ESGENA, the Spanish Society of Endoscopy Nurses and Associates (AEEED) and the Spanish Society of Digestive Disease Nurses (AEEPD) it is our great pleasure to invite you to the new and exciting format for nurses at UEG Week on 19-23 October 2019 in Barcelona Spain.

The new format connects the ESGENA nurses programme with the whole UEG Week programme and provides you with a dedicated programme relevant for nurses in Endoscopy, Gastroenterology and Hepatology.

The ESGENA nurses programme includes state-of-the-art-lectures, free papers & posters, lunch sessions, workshops, and hands-on training.

In addition, nurses and other healthcare professionals have full access to the whole UEG Week from Saturday to Wednesday, October 19-23, 2019. With the fast pace of developments in Gastrointestinal care we cater for many different interests including e.g. Endoscopy, IBD, Liver, Nutrition, Paediatric, Nurses, etc.

The combination of the ESGENA Nurse Programme and the UEG Week programme provides for you an exceptional educational event.

Be part of it & join us in Barcelona.

Marjon de Pater, President of ESGENA

Maria Vicenta Aramendia, President of AEEED

Registration:

Nurses have full access to the whole UEG Week and benefit from reduced fees!
For only € 250 you can attend the whole UEG Week programme in Barcelona from October 19-23, 2019 including access to:

- ESGENA Nurse Programme
- Full Scientific Programme
- Hands-on training
- Young GI Network
- Postgraduate Teaching Programme and much more

Register for UEG Week to network face-to-face with your peers and the scientific world. Your colleagues could be interested too?

Nurses Programme @ UEG Week

UEG recognizes the vital role of nurses in all fields of digestive health! Therefore, ESGENA and UEG have introduced a dedicated programme relevant for nurses in gastroenterology and hepatology.

Saturday – Sunday, October 19-20, 2019

The ESGENA nurses programme provides workshops, state-of-the-art-lectures, free papers & posters, lunch sessions, workshops, and hands-on training.

Monday – Wednesday, October 21-23, 2019

Nurses have full access to the whole UEG Week and benefit from reduced fees!

ESGENA Nurse Programme**Sat, 19 Oct 2019****09:00-10:30 Room A3 ESGENA Opening Session: Research in Gastroenterology Nursing**

Chairs	Marjon de Pater, The Netherlands Wendy Waagenes, Denmark	
09:00-09:10	Welcome Marjon de Pater, The Netherlands, Montserrat Victor Dieguez, Spain	
09:10-09:40	Research in GI nursing Christine Norton, United Kingdom	L-1
09:40-10:10	Post ERCP-pancreatitis – prophylaxis and longterm consequences Bonna Leerhøy, Denmark	L-2
10:10-10:30	Development of digital competence portfolio in GI Endoscopy Phedra Dodds, United Kingdom	L-3

14:00-15:30 Room B2 Special Bronchoscopy Session I

Chairs	Björn Fehrke, Switzerland Michael Ortmann, Switzerland	
14:00-14:20	Interstitial lung diseases- diagnostics and therapy Nikolay Pavlov, Switzerland	L-4
14:20-14:40	Flexible Cryosurgery in interventional pulmonology (Erbe Elektromedizin GmbH) Björn Fehrke, Switzerland; Jan Nagel, Germany ,	
14:40-15:00	The importance of SOPs Björn Fehrke, Switzerland	L-5
15:00-15:20	Pleura diagnostics and drainages – how to handle Nikolay Pavlov, Switzerland	L-7
15:20-15:30	Discussion	

16:00-17:30 Room B2 Special Bronchoscopy Session II

This workshop is organised by **ESGENA** and **OLYMPUS EUROPA SE & CO. KG**

Chairs	Björn Fehrke, Switzerland , Michael Ortmann, Switzerland
16:20-17:30	<p>The workshop will offer the opportunity to improve procedure skills in bronchoscopy with the help of dedicated hands-on training on bio simulators under the supervision of highly experienced tutors. Participants will be able to perform the following techniques in diagnostic and therapeutic procedures in bronchoscopy:</p> <ul style="list-style-type: none"> • Standard Sampling including BAL, cytology brushing and biopsy taking, classical TBNA • Foreign Body Removal • EBUS-TBNA • Peripheral Diagnostic <p>Number of participants: limited to 40 persons</p>

ESGENA Nurse Programme Sat, 19 Oct 2019

**11:15-12:45
B2**

Workshop 1: Tissue Acquisition of Small Polyps - Do it right!

This workshop is organised by **OLYMPUS EUROPA SE & CO. KG**

Chair

Christoph Schlag, Germany

Aims & Content

The workshop will cover the treatment and resection of small polyps with new techniques, such as cold snare polypectomy or large biopsy forceps and an optimal sample collection.

The 1st part consists of a presentation covering new aspects from guidelines & publications

The 2nd part consists of a hands-on session to test & use new devices.

**11:15-12:45
B3**

Workshop 2: Troubleshooting – Common problems during reprocessing of flexible endoscopes

This workshop is organised by **Chemische Fabrik Dr. Weigert GmbH & Co. KG and ESGENA**

Chairs

Ulrike Beilenhoff, Germany

Guido Merk, Germany

Aims & Content

Reprocessing of flexible endoscopes can entail various risks both in terms of hygiene and material compatibility. Infections caused by multi-drug resistant organisms have become increasingly problematic for healthcare systems worldwide. Outbreaks with multi-drug resistant organisms have also been reported from endoscopy. The majority of documented cases were caused by inadequate reprocessing of endoscopes and endoscopic accessories. Moreover, incorrect reprocessing may also lead to damage to endoscopes and reprocessing machines.

- **Different steps of the reprocessing cycle and compliance with current guidelines**
Guido Merk, Germany
- **Process chemicals for cleaning and disinfection & common surface alterations related to inadequate reprocessing of flexible endoscopes**
Daniela Schrickler, Germany
- **What happen when ... outbreak management
Discussion of worst-case scenarios**
Ulrike Beilenhoff, Germany

If you have any questions, please ask – we may have the answers.

ESGENA Nurse Programme

Sat, 19 Oct 2019

11:15-12:45
E1

Workshop 3: Consistent safety in endoscope reprocessing: user experiences and regulatory framework

This workshop is organised by **Soluscope**

Chairs

Cécile Paya, France
Marlène Horgnies, France

Aims & Content

Flexible endoscopes are complex equipment. They require a specific treatment responding to strict hygiene standards and compliance with current regulations. This workshop will present how 3 European university hospitals have taken up the challenge to ensure patient, user and endoscope safety focusing on key aspects :

- **Endoscope reprocessing department : organization & workflow**
Didier Lepelletier, France
- **How electronic traceability enhances safety and efficiency**
François Martel, France
- **Microbiological surveillance in endoscope reprocessing**
Benedetta Colombo, Italy
- **New ISO 15883-4, for improved patient protection**
Marlène Horgnies, France

11:15-12:45
E2

Workshop 4: Nurse Specialists in GE

This workshop is organised by **ESGENA**

Chairs

Chantal 't Hoen, The Netherlands
Irene Dunkley United Kingdom

11:15-11:35

Role of nurse practioners in the Netherlands
Wilda Rosmolen, The Netherlands

11:35-11:55

Role of IBD consultants and nurse practioners in the United Kingdom
Irene Dunkley, United Kingdom

11:55-12:15

Advanced roles for nurses in Germany – a step by step approach
Ute Pfeifer, Germany

12:15-12:45

Round table discussion

ESGENA Nurse Programme

Sat, 19 Oct 2019

**14:00-15:30
B3**

Workshop 5: Reprocessing of endoscopes: instructions for use in daily practice

This workshop is organised by **OLYMPUS EUROPA SE & CO. KG**

Chairs

Annette Rittich, Germany
Michel Theron, France

Aims & Content

In the frame of ERCP endoscopy related infections, Olympus initiated and performed a nationwide study on:

- Performance of endoscope reprocessing
- Endoscope inspections
- Survey on reprocessing equipment and staff training

This workshop is intended to:

- Visualise details of the reprocessing workflow
- Show risk and non-risk areas within the reprocessing workflow
- Allow workshop participants to interactively evaluate own experiences
- Inform about options for risk prevention
- get tips about appropriate handling of endoscopes

**14:00-15:30
E1**

Workshop 6: Tissue Resection

This workshop is organised by **Boston Scientific**

Chairs

Leon Moons, The Netherlands

Aims & Content

This session will include a lecture around the nurses role in tissue resection procedures. Hands-on session will focus on a new injection solution, cold snaring and post polypectomy clipping.

**14:00-15:30
E2**

Workshop 5: Nurse Specialists in GE

This workshop is organised by **ESGENA**

Chairs

Wilda Rosmolen, The Netherlands
Deepa Ghandi, Ireland

14:00-14:20

Self-Dilation class organised by nurses practitioner
Chantal 't Hoen, The Netherlands

14:20-14:40

Bowel screening & it implications on healthcare in Ireland – the role of advanced nurse practitioners
Deepa Ghandi, Ireland

14:40-15:00

How to implement nursing science?
Helle Vendel Petersen, Denmark

15:00-15:30

Discussion

**16:00-17:30
B3** **Workshop 8: It's getting hot - what you should know about HF surgery**

This workshop is organised by **Erbe Elektromedizin GmbH**

Chairs Jens Bettin, Germany
Wendy Waagenes, Denmark

Aims & Content Electrosurgery offers the possibility of pressure-free and precise cutting and at the same time control of bleeding during endoscopic resection techniques. With argon plasma coagulation tissue can be devitalized. The water-jet surgery provides additional options for resection.

The aim of the workshop is:
 - To update on principles of electrosurgery and relevant safety measures
 - To demonstrate different settings for different applications like Polypectomy, EMR, ESD, Papillectomy, etc:
 in order to achieve max safety and to prevent adverse events and complications

**16:00-17:30
E1** **Workshop 9 : Documentation & Traceability**

This workshop is organised by **Cantel**

Chairs Ulrike Beilenhoff, Germany
Dries Vanbiervliet, Belgium

Aims & Content Nowadays the traceability of endoscopes has become an essential and necessary topic. Integrated Workflow Solutions support the efficient operation of critical hospital departments. The aim is to guarantee the documentation and full traceability of everything around the endoscopic procedure.

- **Guidelines about traceability and best practices**
Ulrike Beilenhoff, Germany
- **Integrated workflow solution specially designed for endoscopy:
Full solution with the CCOP
Understand the tool and the solutions**
Dries Vanbiervliet, Belgium
- **Share of experience from France**
NN

**16:00-17:30
E2** **Workshop 7: PLASMATyphoon & DEC**

This workshop is organised by **Pentax**

Chairs

Aims & Content

ESGENA Sessions**Sun, 20 Oct 2019****09:00-10:30 Room B2 Session 1: Free Paper**

Chairs	Wendy Waagenes, Denmark Daniela Burtea, Romania Devika Ghosh, Ireland Denise Schäfer, Austria	
09:00-09:15	Training of new staff in Endoscopy – tools for a structured induction training concept Ulrike Beilenhoff, Germany	L-8
09:15-09:30	Development of an algorithm for efficient staff allocation into reprocessing rooms <u>Giulia Marika Futura Beorchia</u> , Francesca Costanzo, Simone Moino, Italy	L-9
09:30-09:45	Implementation of determination of adenoma detection rate and caecal intubation rate for nurse endoscopists in Amager and Hvidovre Hospital, Copenhagen, Denmark. Christina Droob Kolstrup, Denmark	L-10
09:45-10:00	Assuring the timely removal or replacement of biliary / pancreatic stents: a nursing-directed quality assurance project <u>Ruhama Podoler</u> , Alex Shtarkman, Vika Simkanich, Halim Awadie, Ian M. Gralnek, Israel	L-11
10:00 -10:15	Patient school for patients with chronic pancreatitis – a useful educational supplement <u>Marianne Elisabeth Priskorn</u> , Srdan Novovic; Camilla Nøjgaard. Denmark	L-12
10:15-10:30	The nurse led development of a multidisciplinary guideline for the management of high output stoma in an acute tertiary hospital. <u>Leah Palado Vinzons</u> Clinical Facilitator, Carolyn Donohue, Freda Browne, Ireland	L-13

09:00-10:30 Room B3 Session 2: Obesity and Diabetes – implications for Endoscopy

Chair	Tatjana Gjergjek, Slovenia Marjon de Pater, The Netherlands	
09:00-09:20	Health implications of obesity and diabetes into these days' population Marjon Barlag, The Netherlands	L-14
09:20-09:40	New endoscopic options in treatment of diabetes Suzanne Meiring, The Netherlands	L-15
09:40-10:00	Endoscopy treatment of complications after bariatric surgery Eduard Brunet Mas, Spain	L-16
10:00-10:20	ERCP after bariatric surgery Siiri Maasen, Estonia	L-17
10:20-10:30	Discussion	

ESGENA Sessions**Sun, 20 Oct 2019****10:30-11:00**
ESGENA poster area**Poster Exhibition 1****Chairs**

Siiri Maasen, Estonia
 Vania Braga, Portugal
 Anita Jorgensen, Norway
 Camilla Leidcker, Denmark
 Jayne Tillett, United Kingdom
 Montserrat Victor Dieguez, Spain

Management

Managing the change – how to launch a new endoscopy unit in a tertiary care centre P-1

Petra Holzky-Haselbach, Mark Ellrichmann, Germany

Endoscopy units' structure analysis at a national level P-2

Manuel Rocha, Vânia Maria Braga, Rafael Oliveira, Portugal.

Education

Design of an Enhanced Clinical Nursing Skills Education Guide: An Innovative Approach for Reducing Time and Maximising Resources in Competencies Acquisition within a High Volume Ambulatory Endoscopy Centre P-17

Rui Min, Ng, Nenny Suzannah, Sellamat, Elizabeth Sridewi, Sashi D/O Christopher, Keng Soon, Chew, Muhammad Shafiq, Muhammad Rafit, Puay Hoon, Chua, Azhar, Mohammad, Naranderjit, Kaur, Bee Chin, Yeo, Singapore

Enhancement and Optimisation of the Delivery of Safe, Quality Patient-Centric Care: A Sustainable Multidisciplinary Collaboration Approach in Interprofessional Learning and Skills Training P-18

Rui Min, Ng, Nenny Suzannah, Sellamat, Keng Soon, Chew, Muhammad Shafiq, Muhammad Rafit, Puay Hoon, Chua, Azhar, Mohammad, Naranderjit, Kaur, Bee Chin, Yeo, Singapore

Hygiene

Microbial adequacy of endoscopes after changing the cleaning procedure P-21

Manica Jorgačevski, Valentin Sojar, Nataša Bajt Kastelic, Slovenia

Infection Control in the Endoscopy Unit – the experience of a Portuguese hospital P-22

Filomena Maia, Carla Afonso, Portugal

ESGENA Sessions

Sun, 20 Oct 2019

11:00-12:30 Session 3: Advanced roles Room B2

Chairs	Wendy Waagenes, Denmark Anita Boersen, The Netherlands	
11:00-11:20	The development of a “Nice Track” for HNPCC patients:- How to manage a control colonoscopy program Helle Vendel Petersen, Denmark	L-18
11:20-11:40	Nurse Endoscopist EUS practice –an innovative service: the impact on services and patient care. Laura Dwyer, United Kingdom	L-19
11:40-12:00	Fujinon – Major Sponsor presentation	
12:00-12:20	European Council of the Liberal Professions (CEPLIS) – what is it and how it can support nurses in Europe Mario Gazic, Croatia	L-20
12:20-12:30	Discussion	

11:00-12:30 Session 4: Management Room B3

Chairs	Fanny Durand, France Ingrid Karström, Sweden	
11:00-11:20	Management demands and capacity of endoscopy units Marjon de Pater, The Netherlands	L-21
11:20-11:40	The effect of accreditation systems on quality in Endoscopy – 15 years’ experience in the United Kingdom Helen Griffiths, United Kingdom	L-22
11:40-12:00	How to train endoscopic techniques – evaluation of different training simulators and modules Jadranka Brljak, Croatia	L-23
12:00-12:20	Organisation of emergency services – time slots, capacity, qualification, training and legal requirements Ute Pfeifer, Germany	L-24
12:20-12:30	Discussion	

ESGENA Sessions

Sun, 20 Oct 2019

12:30-14:00 Room B2	ESGENA Lunch Session 1: GE Endoscopy
Chairs	Sylvia Lahey, The Netherlands Evgeniia Korovina, Russia
12:30-13:00	Presentations
	ADR on the rise - Mechanically Enhanced Colonoscopy (OLYMPUS EUROPA SE & CO. KG) Conny Le Kervern, Germany
	Cook
	EUS – tips and tricks: Interaction between Doctor and assisting Nurses (Micro-Tech Europe GmbH Christian Gerges, Germany
	ERCP Biliary Tissue Sampling Update (US Endoscopy) John Koomen, The Netherlands
	PLASMATyphoon & DEC (PENTAX Medical) NN
13:00-14:00	Hands-on training with the companies
12:30-14:00 Room B3	ESGENA Lunch Session 2: Hygiene & Infection Control
Chairs	Björn Fehrke, Switzerland Mario Gazic, Croatia
12:30-13:00	Presentations
	Myth Busting some common myths in Endoscopy (Boston Scientific) Amandeep Dhillon, United Kingdom
	How data management drives quality in endoscope reprocessing (Soluscope) Cécile Paya, France
	Brushing – a user’s perspective (PULL THRU™ Cleaning Brush) Rodolfo Pedro, United Kingdom
	Cleaning approach for endoscopes : possible during pre-cleaning ? (UltraZonic) Nancy Steenbakkers, Belgium
	Steelco ARES RFID Hands Free Endoscope Reprocessing: Freedom from infections & cross contamination! Monica Menin Ostani, Italy
	The green reprocessing: The natural & ecological evolution (CBC Europe) Fabio Grilli, Italy

ESGENA Sessions

Sun, 20 Oct 2019

13:00-14:00 Poster Exhibition 2

ESGENA poster area

Vania Braga, Portugal,
Anita Jorgensen, Norway
Camilla Leidcker, Denmark ,
Jayne Tillett, United Kingdom,
Montserrat Victor Dieguez, Spain

Management

Providing Audiovisual (AV) Re-education through a smartphone enhances the quality of bowel preparation before colonoscopy P-3

Hee-hyck Im, Eu-mi Ahn, Hyo-nam Kim, Soo-joung Seo, Hyun-Gun Kim, Korea

Will nurse assisted phone consultation reduce the numbers of non-attendances and cancellations in a endoscopy unit? P-4

Anne Norrbohm, Benedicte Korsø Brint, Caroline Bergmann Danckert, Denmark

Participation in endoscopy settings from a patient perspective – an interview study P-5

Hanna Dubois, Monita Törnqvist, Johan Creutzfeldt, Mia Bergenmar, Sweden

Surveillance during sedation: Can we improve our performance? P-6

Massimo Petrocco, Maria Pia Caldarella, Maria Marino, Italy

Stomach

Accuracy of Helicobacter Pylori Quick test in HP infection diagnostics P-7

Katarina Karlović, Katja Brozičević, Nikolina Benić, Goran Hauser, Croatia

Correlation between rapid Urease test and gastric biopsy in children with Helicobacter pylori gastritis P-8

Mirela Kubicz, Livia Dumitra, Valentina Vulpe, Oana Belei, Romania

Improved non-delayed response of registered nurse to balloon Gastrostomy replacement P-9

Eisa Hag, Yuri Guriel, Solafa Khamaisi, Masha Bozhko, Israel

Colon

Repetition of a bowel preparation in patients with colonoscopies with inadequate preparation. Nursing intervention: Repeat-Prep Study P-10

Rocío Perez Berbegal, Gemma Casals Urquiza, Domingo Hernández Negrín, Gema Bujedo Sadornil, Alicia Pérez Oltra, Santiago Frago Larramona, Javier García, Cristina Lao López, Montserrat Cornet Vilallonga, Inés Ana Ibañez Zafon, Spain

Effectiveness of the split dose application of bowel cleaner in hospitalized patients P-11

Katarina Karlović, Katja Brozičević, Nikolina Benić, Croatia

ESGENA Sessions

Sun, 20 Oct 2019

Treatment with Ustekinumab increases bodyweight in adult patients with Crohn's disease P-12
Tadeja Polanc, Carmen Bobnar Sekulić, Tina Kurent, Matic Koželj, Nataša Smrekar, David Drobne, Gregor Novak, Slovenia

Patient Care

Patient's installation during endoscopy long procedure - Decubitus prevention P-13
 Fanny Durand, France

Impact of sleep duration and coffee consumption on the degree of nonalcoholic fatty liver disease (NAFLD) P-14
Nadija Skenderevic, Katarina Karlovic, Ivana Mikolasevic, Croatia

Can urinary tract infection affect the anorectal biofeedback results? A case report P-15
Jelena Škunca, Agata Ladić, Nadan Rustemović, Željko Krznarić, Croatia

Social and working status in patients with walled-off pancreatic necrosis after endoscopic treatment P-16
Joy Timmner, Camilla Ramvold, Sisse Rysgaard, Andreas Bartholdy, Amer Hadi, Lise Lotte Gluud, Palle Nordblad Schmidt, Srdan Novovic, Mikkel Werge, Denmark

Education

Skills assesement instrument of new nursing staff in endoscopy: implementation in Arcispedale S. Maria Nuova of Reggio Emilia. P-19
G. Iori, Arcispedale S. Maria Nuova, Reggio Emilia, Italy

Registered Nursing Associates: is there a role for them in Endoscopy? P-20
Wendy Irving, United Kingdom

ESGENA Sessions

Sun, 20 Oct 2019

14:00-15:30 Session 5: Liver Room B2

Chairs	Krisztina Tari, Hungary Enriqueta Hernandez Soto, Spain	
14:00-14:30	Staff competence in liver care Michelle Clayton, United Kingdom	L-25
14:30-15:00	Alcohol use disorders - How to manage patients Bart Takkenberg, The Netherlands	L-26
15:00-15:30	Management of varices – endoscopic and non-endoscopic treatment Anna Soria Cadena, Spain	L-27

14:00-15:30 Session 6: Health & Safety Room B3

Chairs	Irene Dunkley, United Kingdom Ulrike Beilenhoff, Germany	
14:00-14:20	The endoscopy staff input in designing an endoscopy units Tracy McDonnell, United Kingdom	L-28
14:20-14:40	Staff protection in Endoscopy – what does make sense? What is essential? Laura Dwyer, United Kingdom	L-29
14:40-15:10	Where should centralised endoscope reprocessing be located – in the central sterilisation supply department (CSSD) or in the endoscopy unit? Pro-contra debate Eric Pflimlin, Switzerland Benedetta Columbo, Italy	L-30
15:10-15:30	Burnout syndrome in professionals of the Digestive endoscopy service Alejandro Toledo Soriano, Spain	L-31

16:00-17:30 Session 7: Education Room B2

Chairs	Marjon de Pater, The Netherlands Alejandro Toledo Soriano, Spain	
16:00-16:30	Bridging Clinical Nurses between European Policy: ‘The white uniform nurse in the three-piece suit environment’ Ber Oomen, Belgium	L-32
16:30-16:50	Education in Endoscopy – achievement, limitation and improvements in the last 20 years Ulrike Beilenhoff, Germany	L-33

ESGENA Sessions

Sun, 20 Oct 2019

16:00-17:30 Session 7: Education Room B2

- 16:50-17:10 Nurse endoscopist – 20 years' experience of nurse endoscopy in the UK – making a difference** L-34
Irene Dunkley, United Kingdom
- 17:10-17:25 Best Free Paper and Best Poster Awards**
The winner of the best free papers – oral presentation and the best poster presentations - will be announced. Presenting authors are requested to attend this session.
- 17:25-17:30 Invitation to Amsterdam 2020**
Anita Boersen , The Netherlands

ESGENA Poster Exhibition

Sat-Sun,
19-20 Oct 2019

The ESGENA poster will be displayed
on Saturday and Sunday, October 19-20 2019

Management

- P-1 Managing the change – how to launch a new endoscopy unit in a tertiary care centre**
Petra Holzky-Haselbach, Mark Ellrichmann, Germany
- P-2 Endoscopy units' structure analysis at a national level**
Manuel Rocha, Vânia Maria Braga, Rafael Oliveira, Portugal.
- P-3 Providing Audiovisual (AV) Re-education through a smartphone enhances the quality of bowel preparation before colonoscopy**

Colon

- P-10** **Repetition of a bowel preparation in patients with colonoscopies with inadequate preparation. Nursing intervention: Repeat-Prep Study**
Rocío Perez Berbegal, Gemma Casals Urquiza, Domingo Hernández Negrín, Gema Bujedo Sadornil, Alicia Pérez Oltra, Santiago Frago Larramona, Javier García, Cristina Lao López, Montserrat Cornet Vilallonga, Inés Ana Ibañez Zafon, Spain
- P-11** **Effectiveness of the split dose application of bowel cleaner in hospitalized patients**
 Katarina Karlović, Katja Brožičević, Nikolina Benić, Croatia
- P-12** **Treatment with Ustekinumab increases bodyweight in adult patients with Crohn's disease**
Tadeja Polanc, Carmen Bobnar Sekulić, Tina Kurent, Matic Koželj, Nataša Smrekar, David Drobne, Gregor Novak, Slovenia

Patient Care

- P-13** **Patient's installation during endoscopy long procedure - Decubitus prevention**
 Fanny Durand, France
- P-14** **Impact of sleep duration and coffee consumption on the degree of nonalcoholic fatty liver disease (NAFLD)**
 Nadija Skenderevic, Katarina Karlovic, Ivana Mikolasevic, Croatia
- P-15** **Can urinary tract infection affect the anorectal biofeedback results? A case report**
Jelena Škunca, Agata Ladić, Nadan Rustemović, Željko Krznarić, Croatia
- P-16** **Social and working status in patients with walled-off pancreatic necrosis after endoscopic treatment**
Joy Timmner, Camilla Ramvold, Sisse Rysgaard, Andreas Bartholdy, Amer Hadi, Lise Lotte Gluud, Palle Nordblad Schmidt, Srdan Novovic, Mikkel Werge, Denmark

ESGENA Poster Exhibition

Sat-Sun,
19-20 Oct 2019

Education

- P-17** **Design of an enhanced model for skills training programmes: A novel approach for reducing time and maximizing resources in skill competencies acquisition within a high volume ambulatory endoscopy centre**
Rui Min, Ng, Nenny Suzannah, Sellamat, Keng Soon, Chew, Muhammad Shafiq, Muhammad Rafit, Puay Hoon, Chua, Azhar, Mohammad, Thailand
- P-18** **Enhancement and Optimization of Delivery of Safe, Effective and Quality, Patient Centric Care Through a Multidisciplinary Collaboration Concept in Interprofessional Learning and Skills Training- A Sustainable Model of Teaching and Learning In An Optimal Time Frame**
Rui Min, Ng, Nenny Suzannah, Sellamat, Keng Soon, Chew, Muhammad Shafiq, Muhammad Rafit, Puay Hoon, Chua, Azhar, Mohammad, Thailand
- P-19** **Skills assesement instrument of new nursing staff in endoscopy: implementation in Arcispedale S. Maria Nuova of Reggio Emilia.**
G. Iori, Arcispedale S. Maria Nuova, Reggio Emilia, Italy
- P-20** **Registered Nursing Associates: is there a role for them in Endoscopy?**
Wendy Irving, United Kingdom

Hygiene

- P-21** **Microbial adequacy of endoscopes after changing the cleaning procedure**
Manica Jorgačevski, Valentin Sojar, Nataša Bajt Kastelic, Slovenia
- P-22** **Infection Control in the Endoscopy Unit – the experience of a Portuguese hospital**
Filomena Maia, Carla Afonso, Portugal

Hands-on training on bio-simulators @UEG Week

Sat-Mon,
19-21 Oct 2019

The 90-minute training sessions in the Hands-on Theatre offer unique access to hands-on training on bio simulators (pig models) under the supervision of highly experienced tutors: Participants will have the opportunity to perform endoscopic techniques on the following topics:

- OGD with Injection techniques, Ligation, Clipping, APC
- Colonoscopy with Polypectomy, EMR and APC
- ERCP with stone extraction and stenting

Combined training for physicians and nurses allows to simulate realistic scenarios. Nurses have access to 8 session on three days

Participants will have the opportunity to look, learn, ask questions and perform techniques themselves under medical and nurse tutoring. The aim of this activity is to increase the awareness of diagnostic and therapeutic techniques and to offer delegates the possibility of checking their skills. Basic and advanced training are offered.

As participation will be limited, registration will be treated on a first-come-first-served basis: Tickets will be available onsite only – at the entrance of the ESGE Learning Area.

	Saturday, Oct 20		Sunday, Oct 21			Monday, Oct 22
