

## ESGENA Webinar on April 29, 2021

18:30-20:00 h CET

### ***Best performance in ERCP***

*On Thursday, April 29, 2021*

*18:30 – 20:00 CET*

#### ***Chairs & Speakers***

- Elzbieta Bak, Poland
- Ulrike Beilenhoff, Germany
- Susanne Raschke, Germany
- Wendy Waagenes, Denmark

ERCP is a complex procedure which requires a number of preparations from the nurse's side, like the sterile preparation of equipment, ergonomic arrangement of the endoscopy room, staff protection and patient safety in correct positioning. The success of the ERCP also depends on how well the endoscopist and the assisting nurse work together. The assisting nurse needs detailed medical knowledge, technical skills and experience in Endoscopy.

#### Topics

- **Stay safe – sleep well**  
Ulrike Beilenhoff & Susanne Raschke
- **ERCP – the nurse's role is the key**  
Wendy Waagenes
- **Don't be surprised – be prepared**  
Elzbieta Bak
